

There's Cash Trickling From Your Kitchens.

Do You Know How to Stop It?

Your profits depend on standardizing menus, procedures and costs.

So why do your facilities still purchase a variety of first aid supplies **and pay double?**

" Direct First Aid has always provided quality products to our existing locations and our opening units on a time and cost effective manner."

*Bruce Smith
Opening Units Director
Brinker International, Inc*

Never again let your staff buy
First Aid supplies they don't need,
at inflated prices!

Direct First Aid will standardize purchases
across all your locations –
and save you 50%-70%!

Prove it to yourself with our **Profit Prescription Kit**.
This **FREE** tool lets you quickly and convincingly
calculate for management exactly how much
you can save your company!

*It's the easiest way to get credit
for improving your bottom line!*

Call (970) 949-1584 and order
your **Profit Prescription Kit** today,
or visit us online at www.DirectFirstAidinc.com

Save an additional 20% on your first order!
